FES Families,

Absences for staff and students have continued to present challenges this week. I am thankful for the great team we have at our school and for all of the flexibility, positive attitudes, and caring I have seen on display as we continue to focus on providing a high-quality, in-person educational experience for all of our students. Thank you for all that you are doing to monitor symptoms and communicate with us about your students.

I want to highlight a school competition we are taking part in for a worthy cause. As I am a little competitive, I would really like to see FES win against the other 7 schools from Hancock County that are participating. Please feel free to send in any pairs of shoes rubber banded together that you may have to either donate or recycle into mulch. There will also be a prize for the homeroom at FES that has the most donations per student. The great young men and women of our student council are taking the lead in marketing in our building and will be coordinating the collection efforts as well. Let's do our best to have "No Cold Feet" in Hancock County and also give worn out shoes a recycled use rather than have them end up in landfills.

Dr. Edwards
Principal

"Intelligence plus character - that
is the goal of true education."
- Martin Luther King, Jr.

REMINDER: ID Needed

We use LobbyGuard at our front door to help identify and track all visitors to the building during the school day. This system requires a government-issued photo ID (such as a driver's license). We also use this system for when someone signs out a student, so don't forget to bring it up to the building when you arrive.

MV Reads: News from the Library

“Children are made readers on the laps of their parents.” -Emilie Buchwald

There's magic in reading books aloud to little kids, especially when you do the voices (you've got to do the voices) and they giggle at the pictures and you talk about the characters as if they're your BFFs. Once kids learn how to read on their own, this parent-child ritual often ends, but it shouldn't. There are great [Benefits of Reading Aloud](#), even up to age 14.

- **Increased Vocabulary and Sophisticated Language Patterns**
- **Ability to Make Connections**
- **A Love for Reading**

For more information on reading aloud and the benefits, please check out the link above and share a great book with your child! #worldreadalouddayFEB2
