MV COMMUNITY CHAMPIONS

Superintendent's Note

Just as the seasons change, the cycle of our most recent school year has come to an end. As we celebrated our staff and students' great work, it was apparent that this school year was one for the books! End of year traditions and special celebrations pervaded the last few weeks of the year. Capping

off the year with our biggest celebration, the graduation of our seniors, is particularly special. Students who had worked hard for thirteen years came together to accept their diplomas and take a step across the stage into the rest of their lives.

The cyclical nature of a school year finds overlap as we ramp up for the coming year while facing the end of the summer. A great deal of hard work began months ago in organizing schedules, supplies, and new Chromebooks for ALL students. Make sure to join us on Thursday, July 18 for Centralized Registration as we prepare for another great school year!

Two other topics that I am especially excited about is the opportunity for me to meet our seniors who are 65 years of age or older. This summer, we are kicking off our 65+ Club to provide our community seniors with access to most all of our school events for free! See the article for details. An additional campaign that we are excited for is our MV Community Champions. We are

MV Community Champions

The Mt. Vernon Community School Corporation (MVCSC) is asking anyone living in our district to be a part of the "MV Community Champions" fall initiative to develop a 10-year Future Growth Plan. MVCSC is asking hundreds of community members to attend two evening meetings for one hour each on August 27, 2019 and January 21, 2020. Attendees will share their thoughts on the multiple options of growth possibilities, including how grade configurations are assigned in our schools. The community can sign up through the website article on www.mvcsc.k12.in.us.

These special MV Community Champions that attend the two meetings will receive continual information about the development of MVCSC's future growth plan. A separate advisory committee will research information gleaned from these meetings, and help to refine ideas for the second MV Community Champions meeting in January. At the March MVCSC School Board meeting, a 10-year Growth Plan will be presented to the board for review.

The Class of 2019’s graduation was a great success with the graduates, speeches, performances and weather. There were approximately 300 students who walked across the stage to receive their diploma. The graduates seemed ready to move on to their bright futures, prepared with one of the finest academic preparations in the state.

The ceremony at the Mt. Vernon High School Hancock Health Stadium began the future of some very excited seniors. Highlights of the evening included the band performing the prelude as graduates filed into their seats, followed by opening remarks by Assistant Principal Stan Wilkison.

The salutatorian address was given by Dylan Cole and the valedictorian address was by Keian Gatewood. The MVHS Commencement Choir sang, followed by the Symphonic Band and the Wind Ensemble. The top academic students in the class received their diplomas first, followed by the rest of their classmates in alphabetical order. The Class of 2019 was presented to Superintendent Dr. Jack Parker, followed by the final farewell and the senior student class recessional. Congratulations Class of 2019!

The parade through the schools not only allowed the graduating seniors to reflect on their time at Mt. Vernon and visit the schools one last time as a student, but it also served to inspire the younger students to do their best in order to graduate. The event seemed to have a tremendous effect on both the Class of 2019 and the elementary and middle school students.
